Peer Review Process

Once the manuscript has passed the initial review process, it will be further processed in a double-blind review with an estimated time of between 1-3 months. After the double-blind review process, the author is promptly informed of the acceptance or revision or rejection of the manuscript. Along with the status of the paper, the author will receive the reviewer’s comments. The reviewer's comments serve as guidance for improvements. Afterwards, the author is required to resubmit the revised manuscript based on the deadline given (only for manuscript revision).

Once the author receives the acceptance for publication, the manuscript will be edited for layout, figures, table, charts, and the author will be asked for approval along with a form as a Microsoft Word document, on which the author can request any changes required in the manuscript. After the final version of the manuscript is completed, it will be processed for publication.
Open Access Policy

Jurnal Ekonomi Manajemen Teknologi (EMT) KITA provides immediate open access of its content to make research results freely available to the public enabling greater global exchange of knowledge.

Archiving

The Journal utilizes the LOCKSS system to create a distributed archiving system among participating libraries that permits those libraries to create a permanent archive of the Journal for purposes of preservation and restoration.
